The Federation of Retail Grocers in Denmark (DSK) focuses on:

- ➔ Better terms for individually owned stores within the Danish grocery sector
- ➔ Dialogue between the sector and the society/the stakeholders
- ➔ Counseling of members in order to strengthen their activities.

The Federation of Retail Grocers in Denmark is a trade organization and speaker on behalf of supermarkets and grocers in Denmark.

DSK represents approx. 1.400 supermarkets, discounters, neighborhood shops, and convenience stores.

The two large wholesalers in the sector are also members of DSK: Dagrofa and Reitan Distribution.

DSK's key areas:

- Planning act/retail structure
- Food legislation
- Food safety
- Cross border trade
- Against "black economy"
- Corporate social responsibility
- Marketing issues
- Deposit and recycle system
- Means of payment
- Security
- Employment law

DSK
